Hawaii Missile Attack False Flag By Israel

The missile attack on Hawaii this month was not a false alarm. It was a real attack on the Island.

From a Hawaiian citizen:

"Word here in Hawaii is that a group of tourists and tour guides were on a boat 100 miles off shore Saturday morning around 8 AM when they witnessed what they thought to be a meteor blowing up over the ocean. It was reported on Hawaiian channel 2 but then removed from their website. Rumour is the launch came from an Israel Dolphin 2 submarine. Some college basketball games had a red alert across the screen from US Pacific Command declaring a missile launch in the Pacific near Hawaii."

The reports are they saw the sky go white with an explosion. The missile was from reports intercepted by American missile defence systems. Reports are Israel is now missing a Nuclear weapons sub after this attack. From reports American systems intercepted and destroyed a nuclear missile.

This would not be the first time Israel has launched a false flag attack on America to pull Americans into a war, for the Jewish power.

The USS Liberty attack was another event that is documented in history along with the Lavon affair. And the 911 attacks by Israel as well:

The case this time from reports is the attack was to be blamed on North Korea to pull America and NATO into a war with North Korea which would pull North Korea's allies China and Russia into a greater war. This is how the last two World Wars they started happened. They started it with smaller powers, to then pull in the larger powers.

This has to be understood within context.

The Jewish power believes in the Messianic global war that must occur to bring about their Global Kingdom and rule. This is why they started the other two World Wars, to bring this about via Communism. The blue-print for the Jewish World Government (the Bible) is full of commands of

how "god" [the Jews] will destroy the Nations [The Gentiles] with fire [nuclear war] at the end of days. So that "god" can then build the Global Kingdom of the Jews.

Israel, from the NSA document that was leaked under Obama. Is one of the world's largest nuclear powers.

Remember Israel used a nuclear weapon on Damascus during 2013.

Keep up the Reverse Torah Rituals, this is the second time the Jews have tried for a World War the other time being last April with the Tomahawk strike on a Russian-Syrian base in Syria which was timed to connect to the Kabbalistic date of the anniversary of America being pushed into the first Messianic war.

Our RTRs are stopping this from getting off the ground but only if we keep them up.

The Jews are getting more desperate to start their Messianic war, as they are getting exposed globally on a scale never before known.

This attack on Hawaii goes along with numerous attempts to control and shut down the internet:

A massive Global War would give them Martial Law powers in America and abroad to accomplish this as well. And in general destroy everything allowing them to distract people off of them.
